14th European / IARU region 1 Youth ARDF Championship  
June 12 - June 16, 2013  
Tři Studně, Czech Republic

Dear sportsmen,

we have the pleasure to invite you for the 14<sup>th</sup> European (Region 1) Youth ARDF Championships. This year it's already thirteen years since our country began the tradition of international youth ARDF championships.

We are proud that the Czech Republic will welcome again the selection of the best ARDF youth. One of the news will be introduction of a new discipline – sprint – which is already regularly placed within the program of senior championships.

Discipline of sprint is welcomed especially because it has a different character from regular course. Both skilled competitors and also these without sufficient endurance but having quality for fast race, quick decision and especially thorough mastering of their receivers can shine in this course. In order to make this competition most fair, we will organize the full scope training.

But standard for the championships are, of course, regular courses, thus, you can look forward to two superior competitions in the challenging terrain.

Finally, we hope our invitation caught your attention. We are going to do our best so that your stay will be most pleasant and successful.

Pavel Mikšík

Chairman of the organizing committee

**Organizer:**

Czech ARDF Association on behalf of Czech Radio Club (CRC)

**Venue:**

Tři Studně (49°36'24.141"N 16°2'4.599"E, altitude 720 m) is a commune nearby Nové Město na Moravě where world cups in cross-country ski, biathlon, and recently even mountain bike take place annually. This area attracts tourists as well as active sportsmen. This region occupies the high, undulating territory in the middle of the Czech Republic between the two largest Czech cities – Prague and Brno. This wonderful country is characterized by a mosaic of forests, grazing land, meadows, and lakes.

### Terrain characteristics:

Terrain is only slightly undulating with alternating continuous and dense forest which is interwoven with a dense network of paths of varying quality. Numerous wetlands are present during this time of the year. Running in terrain requires increased effort.

By the date of issue of this Bulletin the area within 15 km from the town of Nové Město na Moravě is prohibited for any ARDF and orienteering activity.
