Terrain description:

Deciduous forest with good runnability. In some places there may be open meadows with tall grass. At this time of the year usually the rivers are dry or running with less volume. Temperatures during the day vary between 24-28 degrees.

Technical information:

- 3.5 MHz SHORT and FOXORING:
RF output power: 10 mW
Antenna: Vertical wire 50 cm.

During the competition SPORTIDENT system will be used. The software will be provided by the leader in that field Karl-Heinz Schade - DL7VDB <http://www.ardf-fjww.com> .

Application:

Please send your application forms on time. They must include names, categories, expected day and time of arrival and departure. **Application deadline: 30th of May 2015.**

Visa requirement:

Participants from few countries require visa to enter Bulgaria. Sport club Elektroninvest will assist in obtaining **free** entry visas. Please send a list with the names, family names and passport numbers as soon as possible. Keep in mind that arranging the documents in the Ministry of Youth and Sports in Bulgaria takes a week.
