## 22<sup>nd</sup> IARU Region 1 ARDF Championships 2019

ROGLA, SLOVENIA

2<sup>nd</sup> - 8<sup>th</sup> September 2019

This year Slovene radio amateurs hosted the best competitors amongst amateur radio goniometry in IARU Region 1 for the first time. The Championship was accepted two years ago and its preparations were carefully managed by the preparations committee. For the Championship itself we selected Rogla - a high mountain location, better known for its skiing and snowboarding competitions, and other winter recreational activities it has to offer.

26 representative teams (Austria, Belarus, Belgium, Bulgaria, Croatia, Czech Republic, Denmark, Estonia, Finland, Germany, Great Britain, Hungary, Kazakhstan, Lithuania, Moldova, Netherlands, Norway, Poland, Romania, Russia, Serbia, Slovakia, Slovenia, Sweden, Switzerland, Ukraine) from the IARU Region 1 member countries came to our ARDF Championship in Slovenia, as well as a guest competitor from the USA, who competed out of competition.

The Championship begun with the arrival of the competitors and a trial of the model event technique, and later continued with a ceremonial opening of the Championship. Speeches were given by Mag. Boris Podvršnik – the mayor of municipality of Zreče, Dr. Stanislav Pejovnik – the chairman of the Association of organisations for technical culture of Slovenija, Bojan Majhenič, S52ME – President of Radio Amateurs of Slovenia, and Ole Garpestad, LA2RR – the vice president of IARU, who also officially opened the Championship.

There were about 315 competitors in the Championship and they competed in 4 different disciplines: foxoring, sprint and two classics in the HF and VHF band. 110 sets of competition medals, prepared for the best competitors in amateur radio goniometry, were awarded to 20 representative teams.

The whole championship was a product of excellent cooperation of about 50 members of the Slovene radio amateurs team. Especially worth mentioning are the transmitter technicians as they are crucial for the successful completion of the competition, as well as everyone who helped at the start and finish line. A great contribution was also made by Jiri, OK2BWN, who helped with the technical equipment that we lacked. A great help with the preparation of the equipment were also Thomas and jury member Michaela.

A big thank-you also goes out to the jury, who made sure the competition ran correctly and without interruptions.

Jury members were:

Dušan Čeha	YU1EA	SRS	Chairman of the Jury
PA Nordwaeger	SM0BGU	SSA	Jury Member
Karl-Heinz Schade	DL7VDB	DARC	Jury Member
Roussko Roussev	LZ1RT	BFRA	Jury Member
Željko Belaj	9A2QU	HRS	Jury Member
Lucien Vidal	F4DKA	REF	Jury Member
Igor Lazarev	US0VA	UARL	Jury Member
Michaela Bednarikova	OK2MWN	CRC	Jury Member
Franci Žankar	S57CT	ZRS	Siting Referee, Technical Director
Tomi Kordež	S53CO	ZRS	Secretary of the Jury

The first two contests in foxoring and sprint took place in close proximity to the Rogla hotel settlement. The special feature of the first contest was returning to the hotel by a 4-seater chairlift. For the classics contest the competitors moved to a location 6 km away. A fairly demanding terrain, full of water, that could have been even more difficult, had the weather forecast from a week earlier come true. Luckily, though, rain only interfered with the last contest on Saturday.

Unfortunately, the first classics contest included some problems with a competitor that needed medical attention, and a rescue party that searched for a missing competitor. This required a lot of extra energy and organisation within the team. Saving the competitor's life and the return of the lost competitor the next day concluded the longest contest yet - a long 22 hours. A record which I hope will not be exceeded in the future.

Slovene radio amateurs made sure that the competition was also accompanied by a casual gathering - Slovene day, as well as hamfest, which was enjoyed by all participants at the end of the Championship.

The results and analysis can be seen at the championship's official website:  
<http://ardf2019.hamradio.si/>

The organisers' effort was validated soon after the end of the Championship with numerous excellent compliments regarding the punctuality and great management.

Thank you all for participating and congratulations to the best competitors.

Rogla, Slovenia - September 2<sup>nd</sup> - 8<sup>th</sup>, 2019

## First International Jury meeting

02.09.2019 @ 12:30

Meeting was started at 12:25 as all Jury members were present.  
Tomi, S53CO opened meeting welcoming all Jury members.  
Word was given to Dusan, YU1EA.

Each Jury member gave short introduction

Dusan announced Jury team:

- Start: PA Nordwaeger, SM0BGU
- Finish: Karl-Heinz Schade, DL7VDB

There was no objections to this.

Decision was made, that one Jury member cover 2 transmitters. Who will be covering which transmitters will be decided later today.

Dusan asked Siting Referee Franci, S57CT to remind all team leaders about rules which comply to Start area. This has to be done on the Team leaders meeting.

Question from PA:

Will Jury member had opportunity to have breakfast earlier

Answer:

Yes, all members will have breakfast earlier and they will leave to the woods with technicians

After the competition, Jury will meet at finish area for meeting.

Preliminary results will be printed and held for 1h – if no protest by Team leaders, results will become official.

Question given how the Jury members will reach finish area ?

Answer: depending on the Jury member position, she/he will have to walk to the point where car can access to be picked up. Some location may require 1-1.5km of walk.

Map for the Jury member will be prepared only for the transmitters she/he will cover.

Jury members will meet tomorrow (Tuesday) morning latest by 8.00 at the same floor where today's meeting was held.

Franci and Dusan will decide which Jury member covers which transmitters.

PA asked at what time Jury members should leave into the woods.

Answer given, at the same time as technicians.

Meeting ended at 12:50.

Minutes written by Tomi, S53CO.

## Second International Jury meeting

03.09.2019 @ 14:00

Meeting was moved from Foxoring finish area to the ARDF conference room at hotel Planja and it was started at 14:10 with all Jury members present.

Dusan opened the meeting.

Foxoring competition went through OK, with one objection from one of the Russian team member. Competitor complained about wrong map given – all was already sorted out by Dusan at finish area – it looks competitor picked up wrong map in the corridor.

Bulgarian team was not happy as there was no map shown in the waiting area. This was technically not possible, organizer did setup a PC showing the map in the tent at the Start area instead.

Today's results were confirmed by all Jury members to be official, no objections from any of the Jury members.

Zeljko pointed out that some of the competitors were wearing starting number either in front or rear only.

For tomorrow event (Sprint), Dusan asked for more attention to be given at the Start area. Dusan will help PA at the start, organizer will assign another person to assist them.

Proposal for tomorrow was given by Dusan, to have only 2-3 referees in the field. All Jury members agree to this proposal.

Plan was done by Franci and Dusan:

At start, we have the following referees:

- PA
- Lucien
- Zeljko

At the finish area:

- Karl-Heinz
- Roussko

In the field area:

- Michaela
- Igor
- Dusan

It was agreed, all referees will meet at 9:15 in the hotel lobby and will go by foot to the Start area.

Michaela expressed a wish to go on the fiels earlier in order to check Transmitters, if they are properly installed. Igor will help her. They leave hotel by 8:00.

Dusan gave another proposal to the organizer, to write the name of the person who will award competitors, so spectator can call their names when announcing category to be awarded.

PA asked the question about the map at the waiting area for Sprint event.  
Answer was, there will be a map available.

Meeting ended at 14:35.

Minutes written by Tomi, S53CO.

## Third International Jury meeting

04.09.2019 @ 12:00

Meeting was held at the finish area of Sprint event.

All Jury members present, meeting started at 12:10 after the competition was announced to be finished.

Dusan informed the Jury that 268 competitors started and 4 did not start.

Sprint competition went through OK, there was no objections.

One observation only, there was only one toilet available at the Start, which was not enough for all the competitors.

Dusan pointed out, there was one of the person using the mobile phone, but since he was not entering »quarantine« area, all jury members agree not to disqualify the team – person was on the way from the hotel to the finish area.

Dusan continued and was happy to say that organizer did great job today, all went smooth, no problems/issues right from the Start till the Finish.

Franci and Dusan will decide later today which Referee will controll which transmitter on tomorrow's »Classics« event.

More competitors are expected on tomorrow's event.

Today's results were confirmed by all Jury members to be official, no objections from any of the Jury members.

One observation from PA:

There was one competitor who escaped from finish area and was heading to the start for the toilet. The same compator was stopped much before entrance to the quarantine area and was sent back to finish area. There was no chance for him to give any information to any of his team members.

Lucien observed that some of the spectators were standing at the beginning of finish corridor and were shouting very loud, this may disrupt competitors.

Meeting finished at 12:30

Minutes written by Tomi, S53CO.

## Fourth International Jury meeting

05.09.2019 @ 16:00

Meeting was held at the finish area of Classics event.

All Jury members present, meeting started at 16:15 as two competitors which were still missing at the Finish were already out of the time limit.

Dusan informed the Jury that 295 competitors started.

Classics competition went through OK, with exception of health problems.

Dusan informed the Jury that one of the competitors from Austria collapsed in the finish corridor. Medical help was immediately given, first by other competitors – one of them was a doctor from Slovakia – till doctor was there. Later, competitor was taken to the hospital with the helicopter.

Another competitor was given first aid after the finish line – problems with breathing.

PA pointed out, that one of the competitors started competition from the right corridor, however, when he reached the end of his corridor, he returned back (outside the corridor line) till the start (starting line was not crossed) and he continued near-by other corridor. At the moment he reached the point he could not continue outside corridor (due to landscape), he continued inside the corridor (not assigned to his Group). As the rules are not defining such a situation in details, decision was made based on Tomi's suggestion to give this competitor a warning and point out on the next TL meeting that this should not be a common practice in the future. Competitor should return only in case of transmitter problem (to return for his spare receiver) or in case of health problems.

Dusan opened a vote if Jury can accept warning to be given to the competitor and not to be disqualified. All Jury members voted not to disqualify the competitor.

PA also reported that another competitor returned and approached him as his receiver was broken. The same competitor did not finish the competition. (DNF).

Michaela reported that 3 competitors were discussing control points in the field. She wrote down their numbers. Jury agree that all 3 competitors should be disqualified as they were breaking the rules.

Igor pointed out, he was also approached by one competitor to show show on the map where she/he is, with excuse that her/his antenna was broken. Igor show position on the map and the direction to the finish. However, when checking, this competitor was punched at the next fox, beacon and reached the finish as competitor. Due to those facts, Jury decided that competitor did not gave up, but continued the competition. As she/he was given help (with excuse of broken antenna), she/he was disqualified. All Jury members agree to this.

It was pointed out, to warn competitors at next TL meeting, that receivers can be switched on prior to start, but not allowed to »search« for foxes.

Also, competitors should be warned to check which foxes they are searching – info is given on the table which is printed in the quarantine area. This is to avoid confusion and possible later objections.

Dusan had additional question, coming from the Russian team:

Can organizer give information in Russian language in addition to English ?

Answer given by organizer is negative since there is no Russian speaking person available.

Today's results have to be published (hard copy in addition to results published on big screen) in the Hotel.

Meeting finished at 16:50

Minutes written by Tomi, S53CO.

Rogla, Slovenia - September 2<sup>nd</sup> - 8<sup>th</sup>, 2019

## Fifth International Jury meeting

07.09.2019 @ 16:00

Meeting was held at the finish area of Classics2 event.  
All Jury members present, meeting started at 15:15.

Classics 2 competition went through OK.  
There were no objections from any of the Jury members.

Jury was informed by the organizer, that Group 39 had a 10 seconds delay at Start due to technical problems with clock.  
Organizer corrected start time 10 seconds ahead: 13:10:10. All Jury members agree to this.

Meeting finished at 15:30

Minutes written by Tomi, S53CO.
